

Cisco Spark Room Kit Series

- Cisco Spark Room Kit
- Cisco Spark Room Kit Plus

Benefits

- **Powerful collaboration solutions:** Integrate with flat panel displays to bring more intelligence and usability to your small to large-sized meeting rooms
- **Smart meetings:** Intelligent, integrated cameras deliver intelligent viewing capabilities, such as automatic framing and speaker tracking
- **Smart presentations:** Dual screens, dual content sources, wireless sharing, and 4K content make for great presentations
- **Smart integrations:** People count for usage metrics and resource allocation; tight integrations with screens to enhance user interactions
- **Flexibility:** Built for both on-premises and cloud deployment, protecting your investment

The Cisco Spark Room Kit Series: Team Collaboration Innovation in a Box

Cisco Spark™ Room Kit and **Cisco Spark Room Kit Plus** are powerful collaboration solutions that integrate with flat panel displays to bring more intelligence and usability to your small to large-sized meeting rooms. These newest integrator solutions deliver the unmatched video and audio experience that customers have come to expect from Cisco. In addition, new capabilities enable even smarter meetings, smarter presentations, and smarter room and device integrations – further removing the barriers to usage and deployment of video collaboration.

The **Room Kit** – which includes camera, codec, speakers, and microphones integrated into a single device – is ideal for rooms that seat up to 7 people.

The **Room Kit Plus** – with a separate quad-camera bar – can accommodate larger and deeper rooms of up to 14 people. Both products offer sophisticated camera technologies that bring speaker-tracking capabilities to every room.

Bringing Powerful Collaboration to All Your Meeting Rooms

The **Cisco Spark Room Kit** and **Room Kit Plus** offer video innovation in a box, bringing more intelligence and usability to your small to large -sized team collaboration rooms. The products are rich in functionality and experience but are priced and designed to be easily scalable to all of your conference rooms – whether registered on the premises or to Cisco Spark through the Cisco® Collaboration Cloud. The Room Kits are hardware optimized to run on a cloud platform. They offer great experiences for shared rooms and spaces, with easy access to hosted conferences.
